Description

Situated at the Silvermist Estate, Cape Town Zipline is part of the SA Forest Adventures Brand.

The adventure begins with a short safety introduction at their office in the Silvermist

Estate. From here guests will embark on a hair raising guided 4x4 drive into the mountains high above constantia with spectacular views of the Constantia Valley. Cape Town Ziplines borders on the Table Mountain National Park Reserve. You will be surrounded by the natural beauty, fauna and flora whilst walking and zipline between the 12 platforms. You could mistakenly think you were inside the Table Mountain Nature Reserve as you take in the amazing scenery.

The Zipline experience offers you a tour of the cables starting high in the mountains and slowly descending down the slopes. The platforms offer visitors the most amazing panoramic views of Cape Town.

Guides on tour will assist you with your extreme journey and ensure you have a most memorable experience. Some of our Ziplines are as high as 155 meters with the tree top canopy below, and the longest of the Ziplines in the tour is under 500 meters.
